### **WHAT ARE THE DIFFERENCES BETWEEN THE 3 RESTAURANTS?**

While **Sushi Den** and **Izakaya Den** feature sushi and global cuisine, with **OTOTO**, we would love to share another unique aspect of Japanese food culture called **Robata Grill**. It is a very popular type of eatery in Japan with more casual ambiance; raw bar; Robata grilled skewers using **“Binchotan Charcoal”**; and tapas, as well as premium sake.

We often refer to Izakaya Den as our “sister” restaurant.

The word **Ototo** in Japanese means “younger brother” and in the dialect of little kids in Osaka, it means “fish”. Since our younger brother hand selects our Japanese fish from the fish market in southern Japan, for us this is the perfect name for our little brother restaurant.

Together they form a trifecta to honor Japanese cuisine on the **“Den Corner”** in Platt Park Neighborhood in Denver, Colorado.
